Job placement rate for program completers (calculations are based on calendar year 1/1/2010 to 12/31/2010 which were submitted to the National Accrediting Commission of Career Arts & Sciences)	55%
Who is included:	The placement rate includes those students who graduated between 1/1/2010 to 12/31/2010. The rate is calculated by taking the number of students who were placed in the industry and dividing it by the number of students who graduated. At the time of the report, completers may be excluded based on the following reasons: deceased,

	<p>disabled, or deployed for military service/duty. Some students never become licensed in order to work in the field in which they received training. The rate includes these students as well.</p>
<p>What type of job: When were they employed:</p>	<p>Any student who becomes hired in a position within an esthetics related field. The school does not maintain data on when a student begins his/her position within the industry. Students typically become licensed within three months after they have taken their licensing exams and passed them. At that time, students typically obtain jobs within their related field of study.</p>
<p>How were graduates tracked:</p>	<p>The school obtains this information through graduate exit surveys/interviews, placement cards, notifications by students, and contact with local salons/spas</p>
<p>What agencies, if any, is this rate reported to:</p>	<p>The information is submitted to the National Accrediting Commission of Cosmetology Arts and Sciences</p>
